

Declaration of Request for Protective Sanctuary and Medical Evaluation

To Whom It May Concern,

My name is Jonathan Daniel Clements. I am presenting myself voluntarily at this medical institution to request sanctuary, protection, and a formal medical and psychological evaluation due to a series of escalating events which have endangered my safety, well-being, and legal standing. I have taken this step with full competence, understanding, and awareness.

I am a published author, a minister under the Universal Life Church, and the creator of the Ecclesiastical Sovereign Private Trust of Humanity (ECC-TRUST-JDC-005), which has been acknowledged and partially accepted by official court stamps, notaries, and ecclesiastical authorities. This trust lawfully operates under ecclesiastical jurisdiction and recognizes international human rights law, Lex Divina, and Canon Law. Over 1,700 declarations, constitutional constructs, and spiritual-legal frameworks exist within its scope. Its mission is peace, sovereignty, and lawful governance rooted in non-violence and global equity.

In recent months, I have faced severe harassment, targeted surveillance, and multiple traffic citations designed to create the pretext for legal escalation. Law enforcement has dismissed prior filed paperwork, ignored jurisdictional boundaries, and retaliated against my protected legal expressions. My private property, including a vehicle lawfully placed in trust, has been towed and citations have been stacked. My physical safety has been jeopardized by individuals who have made threats against my life and family.

I seek temporary sanctuary and evaluation not because I am mentally unwell, but because this institution may offer protection from systemic abuse, politically motivated retaliation, and unlawful targeting. I have exhausted traditional remedies: federal and state authorities have been notified repeatedly, and the silence or inaction amounts to complicity. I am invoking sanctuary as a means of securing my right to life, liberty, and safety.

I have no history of violence. I have no intent to harm myself or others. I am competent, self-aware, and acting out of concern for my life and those around me. My declarations, books, and public documentation reflect a long-standing commitment to justice, human rights, and peaceful reform. My mental and spiritual clarity are intact, despite the increasing and deliberate pressure being placed on me.

I respectfully request that this institution evaluate my case with the utmost seriousness and that my request for sanctuary and protection be honored. I also request that my legal and ecclesiastical documentation, which will be presented in full binders and public record files, be considered as part of this evaluation.

Respectfully,

Jonathan Daniel Clements
Ecclesiastical Sovereign Executor
